

GRAINPULSE LTD.

CAREER OPPORTUNITY

POSITION: Animal Nutritionist

REPORTS TO: Head of Animal Feed

DEPARTMENT: Animal Feed

LOCATION: Bugolobi, Kampala

JOB SUMMARY

The Animal Nutritionist will provide nutrition services and livestock management recommendations as well as technical advice and support to customers during and after product sales. The Nutritionist will also provide consulting services and products in a manner that will be profitable to both the customer and Grainpulse Limited.

DUTIES AND RESPONSIBILITIES

- Provide ration formulation using clearly defined protocols and principles
- Maintain and update ration balancing software models and ingredient libraries
- Provide technical support, training, and solutions to Animal Feed Sales Representatives and customers through farm visits
- Handle production challenges, such as developing substitute ingredient options
- Assist the Head of Animal Feed to measure supplier performance on key performance indicators
- Understand and keep up to date on local feed regulations and changes
- Develop effective customer feeding programs to abet healthy animal performance
- Any other duties may be assigned from time to time

QUALIFICATIONS, SKILLS AND EXPERIENCE

The ideal candidate must possess at least a Bachelor's degree in Animal Science, however, possession of a Bachelor's degree in a related field i.e., Animal production/ husbandry is strongly desired. Possession of a Masters in animal nutrition is preferred.

In addition, he or she must have a minimum of 2 years of livestock, farm or nutrition advisory or related industry experience and with extensive experience in livestock feeding programs.

The ideal candidate must possess knowledge and experience in using feed formulation software (i.e., Bestmix etc.), have the ability to enforce and maintain robust quality control measures for raw material inputs, as well as possess sound knowledge of livestock production and management and a thorough understanding of the local industry.

Furthermore, he or she must possess technical experience in use of animal feed formulation software, identify and troubleshoot changes in animal performance,

GRAINPULSE LTD.

evaluate opportunity ingredients with feed formulation team and also record and communicate customer results.

The ideal candidate must exhibit professionalism, excellent time management, interpersonal relationship and financial management skills. He or she must possess a solid business acumen with an aptitude for technology. Further still the ideal candidate must be results oriented, with the flexibility to undertake field travel for on-farm interactions or producer facilities. He or she must be able to communicate in English and Luganda.

APPLICATION:

All suitably qualified and interested candidates should email their Job Applications with detailed CVs, certified copies of academic certificates (originals are to be presented at the interview) and copies of stamped salary pay-slips for the months of June, July and August 2021 to Recruitment@grainpulse.co.ug by close of business, Friday, 8th October 2021.

NB: Please note that presentation of false information/documents will lead to criminal prosecution.

Only shortlisted candidates will be contacted.
